## ABOUT ME

I'm a passionate developer with a strong focus on JavaScript for both web and application development. Over the years, I've built a diverse skill set that spans front end, back end, and database management. I thrive on creating seamless user experiences and efficient, scalable solutions. In my projects, I aim to bridge the gap between complex technical requirements and user-friendly designs. My journey has equipped me with the ability to tackle a wide range of challenges and continuously learn and adapt to new technologies.

Currently, I'm looking for new opportunities where I can apply my expertise and continue to grow as a developer. I'm excited about the potential to contribute to innovative projects and collaborate with dynamic teams.

## EDUCATION

### **Bina Nusantara University**

**Jakarta, Indonesia**

*Bachelor of Business Information Technology*  
2016–2021

### **Rubicamp**

**Bandung, Indonesia**
